# TIPS TO PROTECT YOURSELF FROM FRAUD:

- 1. DO NOT share personal information over the phone or internet. (social security number, bank account information, etc.)
- 2. The IRS will not call you and ask to verify personal information.
- 3. Beware of lottery and inheritance scams. If you receive a notice that you have won money but first you need to pay taxes, shipping cost or other fees, **it is a scam**.
- 4. Read the fine print for online purchases and subscriptions. Check the Better Business Bureau for legitimacy.

# PRE-PAID DEBIT CARDS

Consider using a pre-paid debit card for your online purchases. Pre-paid cards make it harder for the crooks to get access to your hard- earned money. Call the credit union and order yours today.

# **EXTENDED WARRANTIES**
